Toolkit
Tyre pressure loss warning system
Warning triangle

Additional standard equipment

R 500
Automatically dipping rear-view and exterior mirrors
Chrome package
Four light-alloy wheels in a 10-spoke design, 8 J x 19 ET 67, tyre size 255/50 R 19
Heated front seats
Steel/air suspension with self-levelling rear suspension
Velour floor mats

Mercedes-Benz Finance and *Insurance, Private Rental

Conservative thinking may lean towards wanting to own the vehicle, but one should consider the advantages that Private Rental offers. Private Rental is about driving a new Mercedes-Benz car every so often, without the hassles of reselling and unpredictable costs.

Benefits of Private Rental:

- ▶ Lower monthly payments
- ▶ No deposit is required
- ▶ Short-term contracts (24 to 48 months)
- ▶ No resale risk
- ▶ There is guaranteed buy-back on Residual Value
- ▶ You can drive a new car more often
- ▶ Predictable running costs

Private Rental offers you a choice of three packages as indicated below:

Product Option	LOW	STANDARD	STANDARD PLUS
Maximum km limit	18,000 km p.a. or 1,500 km p.m	25,200 km p.a. or 2,100 km p.m.	Over 25,200 km p.a. Customer determines annual limit to determine monthly limit

At the end of the agreed term, you return your car to your nearest Mercedes-Benz dealership for a quick inspection while they prepare your next car or you can simply walk away.

Once you have acquired your Mercedes-Benz car, it only makes sense to insure it with Mercedes-Benz Finance and *Insurance. It is our close link with the brand that ensures you that we will care for your car like it was ours.

Some benefits of insuring through Mercedes-Benz Finance and *Insurance:

- ▶ A brand new replacement vehicle is provided in the unfortunate event of a total loss or write-off in the first year of registration.
- ▶ You nominate your regular driver, but who drives your car is up to you.
- ▶ 24-hour Accident Management Support, 24-hour Emergency Medical and Roadside Assistance.
- ▶ All repairs are performed by approved body shops that have the specific equipment and high standard of quality required.

Not only do we offer Comprehensive Insurance cover but we also offer Value-Added Products that offer even for cover, they include:

- ▶ Finance Protection,
- ▶ Deposit Protection,
- ▶ Shortfall Protection and
- ▶ Warranty and Maintenance Extension Plans.

Mercedes-Benz Finance and *Insurance, FlexiFix

Do you find yourself wanting to...

- ▶ Reduce the impact of interest rate fluctuations,
- ▶ Safeguard against inflation,
- ▶ Budget better for vehicle finance,
- ▶ Have fixed vehicle repayments?

If you answer yes to any of the above then FlexiFix is your finance solution.

In a move to manage rising expenses and stretch budgets, customers often choose to use fixed rate financing as a means to curb against anticipated interests rate hikes. Although fixed rate financing guarantees fixed monthly repayments, this can prove to be expensive should interest rates decrease (as the fixed interest rate remains unchanged). The benefit that comes with interest rate decreases does not apply to fixed rate contracts.

FlexiFix assists in minimising the immediate impact of interest rates increases, whilst the benefit of rate decreases will still be enjoyed when they occur.

FlexiFix enables you to budget better by allowing you to have fixed payments till the penultimate payment. The last payment absorbs all increases, or decreases that may occur with interest rates.

What are the customer benefits?

- ▶ Fixed capped monthly installments (till penultimate installment)
- ▶ Less worry about immediate impact of interest rate increases, therefore better budgeting
- ▶ Provides certainty and payment guarantee to customers
- ▶ Should the customer wish to re-finance the last payment, Mercedes-Benz Financial Services can assist by refinancing this amount on a new agreement for an agreed term**
- ▶ Unlike fixed rate contracts, FlexiFix enables the customer to benefit from interest rate decreases. Here, an automatic decrease in the last payment would occur. Once again, the fixed monthly repayments would be unaffected
